

Dear supporter of Kingdom Air Corps,

We hope this calendar finds you well, as you reflect on 2025, and look ahead to 2026, seeing all that God has done around you, and within you, giving you a greater desire to serve Him with your life. 2025 was a great year for Kingdom Air Corps! We had a great group of mission-minded students that we were able to train, which is our primary purpose. We had many work teams that came alongside our staff to continue projects on our Master Plan. Phase 1 is nearly complete! We had over 100 volunteers come and give of their time to help as flight instructors, mechanics, cooks, housekeepers, and so much more. We had numerous supporters donate financially to cover overhead costs and growth. We had countless people praying for us as we went about our daily tasks. God saved multiple souls through Brooks Range Bible Camp in July, as well as drawing many others to a closer relationship with Him!

You were a part of the Kingdom Air Corps ministry in 2025 in at least one of the ways mentioned above. Thank you! We know it is more blessed to give than to receive, and we were certainly blessed by you, so you must be really blessed! Amazing how God designed that relationship!

The year was not without struggles, but we are pressing on. Please pray with us as we grow and transition as an organization, seeking to honor God in every way.

God continues to lead us to grow as we plan for 2026. We are really encouraged by the testimonies of the student applicants and their desire to serve the Lord in missions! We are making preparations to start on Phase 2 of our Master Plan, working towards more staff housing, a real need with our growing ministry and growing staff families.

We hope you enjoy this calendar, and as you open the different months, that the pictures and dates will inspire you to pray for KAC throughout the year! You are a vital part of what we do here, and we need your continued support! Please pray about how God wants you involved again in 2026.

We sincerely thank you for your support to KAC!

Joe Gerwig  
Director of Alaska Operations
